STATINTL

MEMORANDUM FOR:

  
CIA Federal Women's Program Manager

FROM:

Director of Central Intelligence

Could you jot down a list for me of the ideas from the Women's Caucus and from our meeting with Diane Hermann, as to things we should be checking on or pushing in order to have a better women's program here. I thought there were a number of useful ideas in both meetings. I didn't take notes of either one and I'm concerned that I not let them pass by.
